Deposit Bags: when You Should Make a Deposit After Hours by [Harriett Faulks](#)

Article published on August 23rd 2012 | [Business](#)

You truly have to make a deposit, however it's the middle of the night and all the banks are closed. Just in case you need to transfer your cash or checks when banks are closed, a number of banks have night deposit boxes. However, you don't simply drop the package of cash or check without the appropriate container; in this situation, a deposit bag.

Deposit bags aren't your regular pouches; they're made with a myriad of anti-theft functions to defend what it was designed to hold. They're generally used utilized by individuals who have to deposit huge totals of cash after hours. As to why anyone would think about making a deposit in the middle of the night, one sensible explanation could be that it's their only free time. It helps to obtain the aid of police when making a significant night deposit.

### Instant seal

Most deposit bags are easy to seal off; simply apply light pressure on the closure and it will certainly be sealed easily. From there, it's up to the bank to correctly start the bag to get to the cash inside. The sealed pouch transferred inside the bank's night deposit box gives you some confidence in the meantime, until the pouch-- and the cash inside-- gets to much safer hands.

To locate any type of sort of tinkering in the deposit bag, most sacks have void graphics under the instant seal. When the pouch is exposed to heat energy, cold, or chemicals, the line of words "void" or "œtamperœ" will certainly turn up. This will certainly permit the bank to establish whether there has been some attempt to steal the items of the sack.

### Vault Process Certified (VPC) seal

As in many exceptional items, deposit bags have their very own seal of approval: the VPC seal. In order for deposit bags to bear this seal, they have to meet the standards specified by the Federal Reserve. The visibility of this seal on the deposit bags additionally imply cash vault supervisors raise their thumbs up for this product. A few of the attributes the Federal Reserve requires in deposit bags feature white Kraft currency strips and strengthened handles for coin loads.

For more details pertaining to the VPC seal, you could begin by reading the Federal Reserve specs on night deposit bags at [FederalReserve.gov](http://FederalReserve.gov). On the other hand, inquire with any sort of deposit bag dealership.
