Have you ever considered trying linen or linen/cotton upholstery fabric? Linen curtains and bedding are wonderful additions to your home; highest quality natural linen is also a fabulous choice for your upholstered pieces. The look and feel of linen upholstery fabric is a one-of-a-kind sensation of instant luxury.

If you are not quite ready to commit to completely reupholstering the soft surfaces of your fine furniture pieces, you could try removable slipcovers in linen. Either one can be given a fire retardant treatment to provide even more fire safety features for your living environment.

Does someone in your family suffer from asthma and/or allergies? If so, 100% natural materials in linen and cotton/linen blends are the ideal solution for upholstery fabrics, as well as window treatments, bedding and other soft surfaces. When you use fabrics that are man-made or partially man-made they contain chemicals which can severely aggravate these conditions. It is easy to avoid this problem with 100% all-natural linen or linen/cotton blend upholstery fabrics.

Linen is a classic, timeless and elegant material. On top of this, linen upholstery fabrics are tough, durable and easy to clean. The breathable finish and cool smooth texture is a joy to the touch. The quality of the fabric is unmistakable once you have seen and touched it. You just may find yourself using that odd chair or sofa far more often than ever before.

Linen upholstery fabrics can be chosen online by the meter. Many of the same colors and patterns as linen curtain and bedding material are available for upholstery. It is easy to coordinate all of the fabrics in a room to their best advantage. Fabric samples can be ordered online, giving you the opportunity to find the perfect combination for any room in your home.

If you are ready for that home makeover for your tired worn furnishings, if you just need to freshen up your décor, or you want to make a serious change in your home's environment and appearance, there has never been a better time than right now. When you can purchase all of your home fabric needs in one convenient place; it means you save money, time and the hassle of shopping dozens of places to find what you need.

Do not forget that linen and linen/cotton blend upholstery fabrics, like other linen fabrics are all-natural, eco-friendly, green and sustainable. That is far more than can be said about any other fabric available today. Combined with other natural sustainable materials such as silk, you can have that elegant and beautiful look for your home that is also friendly to the earth and the environment. It really does not get too much better than that.

Linen upholstery fabrics are complementary to any style of home décor, and they mix beautifully with other fabrics to achieve that "just right" look you have been searching for. For millennia linen fabric has been used all over the world for clothing, bedding and curtains. Now, what could be better than being able to use linen upholstery fabrics for all of the soft surfaces in your home?
