Bangalore is the capital of south Indian state Karnataka. It is the hub for IT sector jobs and higher studies in India. There are varieties of schools in Bangalore. World school is also categorized in them. They are mostly co-education schools. Parents can enroll their children from 2.5 + ages in the class nursery. They are involving the formal British key stages in their study curriculums for all classes. The world schools in Bangalore are getting affiliation from IGCSE broad of education. World school's in Bangalore aims to provide the intellectual, cultural and social development of all their pupils in the milieu of making mutual esteem and sensible good human being.

The infrastructure is fascinating and total staff faculties are selected on the basis of their sheer qualification and experience only. The teachers role strives to challenge, inspire, and nurture the over all personality of their pupils. In their co-curricular activities there is wide range of drama, music, sports and many out door excursions. The location of majority world schools is structured in the peace full environment within the proximity of local residential area.

The World School is motivated to increase the potential of every child through an active partnership between children, teachers, parents and management on timely schools PTM (parent teachers meetings). The world schools are promoting students to work correctly and make a right balance with their studies and other personal works.

CBSE board schools in Bangalore are most popular schools among the parents. The students are more interested to take school boards exams as compare to regular own schools checking of papers by the school teachers. Such type of responses came from many schools across the India for the continuation of CBSE board exams. It is estimated by many school teachers also that the pattern of board's exam is much better because the security during exams to aside cheating is possible in board's exams.

Apart form that it is a scoring way of examination in getting good results, Students are having a mental thought that they should study well to get good marks in exams otherwise the regular schools exams are seems like a class test only. The CBSE school board exams are held at national level which gives an idea to the students about where they are standing in the national grade. Attempting the CBSE board exams will also boost the student's confidence to well prepare them for the college entry and appearing the same kind of exams there.

The ICSE Board schools in Bangalore are also catering school education up to 10 grades only. The curricula are provided in English medium only which are quite similar as international grades in India. According to surveys ISCE schools have given the great contribution in achieving the 100% literacy rate in south India. The credit goes to professors of ICSE School who are doing their level best for taking the students from their intellectuals to genius. The excellent syllabus of these schools instill an in-depth knowledge of the sciences, fine arts, literature, English and the local languages, with individual attention to each student.
