Try new hairstyle daily with awesome hair extensions by [Jane Cyrus](#)

Article published on March 6th 2012 | [Health](#)

Hairs give unique appearance to every human being as they all have different cuts and styles which suit their face and increase their beauty. Everyone desires to have unique hairstyle daily and they are free to do so. But there are lot of people who are facing many hair problems and feel embarrassing when they move on to the party and feels that their hairs never look lustrous and heavy even after applying different hairstyles on their hairs. But the introduction of Clip in extensions as make the dream come true of many people who wish to have long and beautiful hairs in reality. There are numerous parlors and salons offering this facility, but everyone before choosing must check their previous service records and their work status. This is the best thing for those users who doesn't want to apply any type of chemical on their hairs but also want a funky unique look can apply these extensions. As this is the perfect technique for such people.

Clip on hair extensions consists of various functions and procedures. Under such kind of process experts try to use the clips to adjust the extensions into the human hairs rather than applying dyes and harmful chemicals. Thus we can say that it is the most healthier and awesome way to have a stylish and funky look within an affordable amount. There are many types of extensions available in the market but all of them are very complicated and expensive which cannot be easily afford by all and also these methods have drawback of chemical usage in it which every women doesn't prefer.

Clip in extension gives a unique look for a span of time and after a very small time you will get back to your original look. You can also highlight your hairs and attach long hairs or waves or some curls for an occasion on order to have a beautiful hairs. With these clips you can make your styles everlasting. Now it became very easy for you to have a unique look in a single minute.

Hair Extensions generally ranges from 2 to 8 inches and applied to the human hairs with the help of small hair pins which are affixed on the top edge of the extensions. You can also merge your hairs with the natural hairs by making small sections. But you should use it carefully as it can harm your scalp.
