What to do when Pool liners cause problems by [Mary Porter](#)

Article published on July 12th 2012 | [Home Improvement](#)

Think your swimming pool might be losing water thanks to an ill-fitting pool liner? Pool liners can deteriorate over the course of time and if you are experiencing problems with the pool lining it might be time to get it replaced. This might sound a complex process but it's a task made simple by experts in replacement Pool liners.

Although it can be rather fiddly to replace Pool liners experienced swimming pool technicians have the skills and the experience to undertake top quality installations even on the quirkiest types of pools. To begin a little expert advice on Pool liners is a brilliant place to start. Discuss the situation with a pool supplies store and have an on-site survey to establish the scale of the project.

## Picking Pool liners

If you want to press ahead with a replacement pool lining you'll be given plenty of choice. Pool liners come in a host of colours and many of them are patterned as well.

Personal preference plays an important part when searching for replacement Pool liners. Some customers prefer plain types of Pool liners whilst others want their liners to have a tile effect to match the floor of their pools. The best thing to do is take your time to look through a catalogue of Pool liners before making the final decision.

Once in situ you have to be happy with the Pool liners so pick and choose carefully from a host of vibrant designs.

## Get the measurements right

It's vitally important that Pool liners fit perfectly for obvious reasons so it pays to take great care when measuring your pool. If you are happy to measure your own pool for a new pool lining that's great just make sure you cover all areas. Then again, if you are worried about measuring for new Pool liners it might be best to leave the entire process to experts in the industry.

Make contact with professional pool supply companies that supply and fit Pool liners for their customers and it's a task made simple. Remember, new Pool liners are an investment and once you have a new lining in place it should provide you with many years of loyal service.
