Larimar jewelry is rare as it is from a small region in the Dominican Republic but is not known to exist anywhere else. The fact that it is rare and the supply may be depleting is one reason why it is a good gift to buy now before it is too late. Other reasons that Larimar jewelry makes a good gift include: due to its scarcity, not many people own it, it ranges in price to fit any gift giver's budget, a beautiful greenish blue or sky blue color, and it looks great by itself or adorned with other jewels that are favorites of the gift recipient. The first reason that jewelry such as Larimar earrings and Larimar pendants makes a good gift is that not many people own it. It is not your everyday jewelry that every single person has. It is not possible to run inside of every jewelry store to buy Larimar jewelry. Because it is rare and in some cases unheard of, giving it as a gift is really special. The recipient is proud to have a piece of jewelry that none of her friends have. It makes her feel like the gift giver took time to think of something unique rather than cliché. Another reason why Larimar jewelry makes a great gift is the fact that it ranges in price to fit any gift giver's budget. Giant Larimar pendants cost more than small and simple Larimar earrings.

Bracelets, rings, and necklaces also range in price. The gift giver can get one of the less expensive pieces of Larimar jewelry if it better suits his budget, or splurge on something extravagant if he is in the position to do so. Yet another reason that Larimar jewelry makes an excellent gift is the fact that it is a beautiful color. It is a greenish blue or sky blue color that many people have never even seen before. Receiving a teal colored pair of Larimar earrings, or one of the gorgeous Larimar pendants, would make any woman happy. Also, Larimar jewelry looks great by itself or adorned with other jewels that are favorites of the gift recipient. Some gift givers know that the gift recipient is a simple person and would appreciate a pair of Larimar earrings without other gems complimenting the Larimar. Other gift givers know that the gift recipient is a fashionable and flashy person and would appreciate one of the Larimar pendants adorned with diamonds. Larimar jewelry makes an unforgettable gift because it is rare, not many people own it, it ranges in price to fit any gift giver's budget, it is a beautiful color, and it looks great by itself or adorned with other jewels that are favorites of the gift recipient. When selected Larimar jewelry, the buyer will find that there is everything from Larimar earrings, and rings to Larimar pendants, necklaces, and bracelets. Since all forms of Larimar jewelry are beautiful, it is best to select a piece that is most fitting for the recipient.
