London Stansted Airport Amenities & Features by [Jocasta Marvin](#)

Among some of the landmarks of London, comes the Stansted airport terminal building and air traffic control tower. The air traffic control tower of London Stansted airport which is 60 meters long was the largest tower of UK at the time of its construction and is still ranked among the tallest buildings of the country after many years. The building of Stansted airport has the honor of winning many awards for its architecture and beauty. The building is completely made out of glass which is oblong shaped. The shape of Stansted airportâ€™s building is highly attractive and unique therefore makes it stand out from the rest. As far as the facilities are concerned, the airport offers just about all kinds of accessibility features suiting the requirements of solo, business, corporate, families and disabled travelers. The London Stansted is 4th largest airport of United Kingdom in terms of total passenger traffic each year.

Transport to Airport

The ground transportation companies operating at Stansted airport provide high quality transfer services to and from all major locations across the country. The passengers get diverse options for hiring airport transfer services giving them the chance to choose what suits them best. Car hire services, taxis, airport shuttle buses, nonstop coaches and trains are the options for getting to your destination in UK via London Stansted Airport. The buses and coaches which are operated by National Express provide comfortable and highly affordable transfer services to all major locations of country. The Stansted airport being a home to low cost air carriers is also a home to low cost and budget friendly ground transportation services. The Stansted Express trains run to and from from airportâ€™s rail station every 15 minutes, taking an approximate travel time of 50-60 minutes between London Liverpool Railway Station and Stansted airport.

Car Hire UK

The people who travel to another country or city by air for personal or business requirements usually hire cars during their stay in order to make their trip convenient and economical. Even individuals, families or groups who travel to other places for outing and recreation also hire private cars for enjoying their trip to maximum by making it easy to skip from one place to another. Therefore the trend of car hire is very common and popular especially for short term tours and outings. There are many transportation firms providing economical car hire services at Stansted airport. You do not need to look around for car hire companies in the city as majority of transportation companies offer car hire and booking services at arrivals lounge.

Airport Taxi Car Hire

There are a large number of transportation companies that serve the London Stansted Airport for providing dedicated airport taxi services. Taxis are best for short distance traveling i.e. inside London. You can easily hire an airport taxi 24/7 at Stansted Airport at cost effective rates.

Cheap Taxi Services

If you are current or prospective traveler of Stansted Airport looking for budget friendly taxi services, CrossCab is the best choice for you. They are the leading online cab booking firm specializing in local as well as airport transfer services. They have a special dedicated fleet of sedans and MPVs exclusively for London Stansted airport transfer services.
