An overview on the best sellers of Autotag by [William Jackson](#)

Article published on April 25th 2012 | [Business](#)

Autotag UK is a leading name in the field of key tags, secure key cabinets and various associated products for workshops and showrooms. With continuous product improvement, the extensive collection of storage cabinets, super safes and other items from Autotag ensures complete peace of mind. A prime supplier of workshop systems, key management systems and point of sale materials to the motor trade Autotag supplies their high quality products in various parts of the world.

An overview on the best sellers of Autotag:

The first and foremost best seller of Autotag is undoubtedly the market-leading key tags which are known in the motor trade as the tags truly in demand. Developed with latest technology and years of experience these key tags come with robust design and proven reliability. The most popular key tags are Mark I and Mark II key tags. Mark Key tags come with a steel ring attachment and manufactured in strong plastic material of high quality. Mark II is almost same like Mark I but the difference is it comes with a tail which forms a secure loop. These types of tags are pre-printed with year, make, model, and colour or can be supplied plain in boxes with free black marker pens in boxes of 200.

One of the highly sold items of Autotag is Trade Plate Holder which is now more improved to accept metal and Perspex plates and fits all vehicles. The additional advantages are, they are fast fitting, fit over existing plates, come with non-scratch rubber straps with hook and block fitting, have extra loops and straps for easy fitting on existing plates and you can get spare hooks and straps separately.

Among the prime best sellers of Autotag is Executive 147 Security Key Cabinet which comes with a capacity of 147 sets of keys. It provides security storage area for keys with extra depth for today's large keys and built in metallic silver or metallic blue and a free box of 200 Autotags Mark I or Mark II come with it.

The next best seller from Autotag is Compact 50 Security Key Cabinet with a capacity of 50 sets of keys. Absolutely ideal for large keys with extra depth, comes with mechanical combination lock and remote controls and free box of 200 Autotags Mark I or Mark II.

The Autotag best sellers definitely includes T-Cards which come as a pack of 100 cards which are designed exclusively for the Automotive Industry, assists planning and stocktaking and perfect for colour code systems.

Autotag visual planning system is highly sold. Using Visual Planning System in combination with the t-cards you can organise your everyday work track your activities. A great support in workshop jobs or sales and suit every department.

Easyfit Static Pocket is another best seller from Autotag which is heat and humidity resistant and fit to be used with landscape or portrait A4 spec sheets. They can be easily attached to the window and are re-usable.

Approved Workshop Key Tags which are highly in demand are exclusively designed to be used in motor trade workshop. These slim colour coded plastic key tags are durable and easy to attach to keys.

The other best sellers of Autotag are, Icon PVC Sales Slogans, Medium PVC Sales Slogans, Small PVC Slogans and Uni Posca Windscreen Marker Pens.

The wide ranges of Autotag products are exclusively developed by the highly experienced and dedicated team of experts who benefit from constant market feedback and years of experience. Autotag provides technical support if any products goes wrong. With the spares readily available it is not difficult to handle such condition.
