The Best Used SUVs in Ontario Dealerships under \$21,000 by [Maria Wegner](#)

Article published on April 18th 2012 | [Business](#)

Driving in Ontario's notoriously cold winters and varying road conditions can take a toll on a compact vehicle. This is the reason why residents of Brampton or Mississauga have upgraded their vehicles to SUVs (Sports Utility Vehicles). If you plan to purchase an SUV it is advisable to get one from used car dealerships in Ontario.

A used SUV is more practical because cars are depreciating assets. The minute you drive off your brand new SUV from the dealership its value already starts to depreciate. However, a pre-owned one takes only a portion of the depreciation because most of it was already taken by its previous owner. Newer SUVs are also more fuel efficient than their earlier models. The biggest advantage of a used SUV is its reduced price. Listed below are SUVs under \$21,000 available from Ontario dealerships.

### Ford Edge

Internet Price: \$18,938

The Ford Edge is a crossover SUV which integrates the functions of an SUV with the handling of a sedan; which makes it easier to drive despite its size. This four-door vehicle features a powerful V6 3.5 Liter and automatic transmission. Car expert Edmunds.com recommends the later models of the Ford Edge which have updated features and styles.

### Suzuki Grand Vitara

Internet Price: \$19,924

The Suzuki Grand Vitara is an ideal purchase for Ontario residents who are on the market for compact SUVs. It is the type of used cars Brampton Ontario dealers recommend for those who look for the comfortable features of an on-road SUV with off-road capabilities. The Grand Vitara has a four cylinder 2.4 Liter engine which can produce 166 horsepower and 162 pound-feet of torque. Upscale models of the Vitara have leather seating, Bluetooth and heated front seats.

### Ford Escape

Internet Price: \$18,484

Ford scored another winning SUV with the Ford Escape and Edmunds.com even praised the company for their knack in designing SUVs that appeal to the masses. The Ford Escape is one of the bestselling SUVs in dealers of used cars in Mississauga. It is considered as one of the most affordable crossover SUVs and has V6 Flex Fuel 3.0L engine and an automatic transmission.

You can own your very own SUV for just under \$21,000 by shopping around in dealerships of a used car in Brampton. If you like to find other affordable SUVs, you can check Edmunds.com or the article Most affordable vehicles by Hannah Elliott in [ca.autos.yahoo.com](http://ca.autos.yahoo.com).
