Being one of India's topmost IT B schools makes SCIT a cradle for innovation. Also the Symbiosis brand name associated to SCIT brings with it a legacy of contributing towards the development of education sector. Business schools teach much more than the big theories of management. From schooling to post graduation Symbiosis institutes have carved a niche for themselves fulfilling dreams of students in every sector. The Symbiosis centre for information technology or SCIT is also a result of this dedication to cater to the rising demand of talented and trained professionals from the IT industry.

Located in Pune, SCIT is one of the leading B schools to offer an MBA in IT. The course also allows students to select their specialisation from subjects like software solutions, infrastructure management, etc. An MBA in Pune gives students a chance to learn the intricacies of the industry with a lot relevant exposure. But business management course in Pune is much more than mere classroom sessions. The MBA programs are aimed at developing the overall persona of students along with enhancing their knowledge. It is via this dual approach that they develop the required leading edge in today's competitive world.

Apart from the routine studies; the SCIT campus is also home to many unique initiatives. Some of them like Eklavya help students understand the social or humane side of businesses as well. The Corporate IT sector is not only about making profit. It is also about helping the society overcome issues. SCIT being one of India's topmost IT B-schools, has always believed in instigating the students with this sense of responsibility. Eklavya is a result of this belief. The theatre group of SCIT; Eklavya helps raise corporate, social, environmental and other issues that have impacted the common man's life. This way the students at SCIT learn the complex concepts of business along with developing a sense of responsibility towards the society.

The MBA in IT equips the students with the necessary skills to become the caring leaders of tomorrow who will bring about a change in the society. In fact SCIT has also initiated a student social responsibility project. The students at SCIT are encouraged to pursue such projects to help them develop the ideal understanding of the corporate sector. Business schools like SCIT utilise their state of art infrastructure towards building such projects and thereby helping every management student to contribute towards the betterment of society.

An integral part of the business management course in Pune at SCIT is grooming students to develop a global mindset. The institute is known to encourage people to pursue their entrepreneurship skills via unique initiatives like the IT Elf. Students who are a part of the entrepreneurship and leadership forum are given ample guidance to pursue their dreams by experts from the industry. The institute has many such clubs where students are encouraged to participate and further enhance their skills. In fact SCIT also offers specialised courses for working professionals in the IT industry. Their executive MBA in IT is highly popular among those who want to pursue their degree without giving up their job.

It is this multifaceted approach that gives students at SCIT the leading edge over pass outs from other IT B schools. The institute has seen several students climb the ladder of success. Their highly successful alumni database and year on year placement records are witness to the dedication SCIT has shown towards building student careers.

In fact the institute has become a preferred destination for IT companies looking at expanding their workforce. Led by Dr. R. Raman SCIT has always worked towards propagating the holistic learning

approach to help students become the caring and successful leaders of tomorrow. An MBA in IT at SCIT is a journey of knowledge, learning, inspiration and a lot of fun filled experiences.
