

Article published on June 4th 2012 | [Education](#)

Whenever we come across this word school what is the very first thing which comes to our mind. For some the answer world is education and for some it will be children. These are the two most common answers that will come up. We all know this better that how much importance does education keep for us as an individual and for a country as on whole. Education is a power for both individual as well as for the country. Both cannot obtain success and zenith without proper education. Education is very powerful by its entire means without a proper intake of education no one can be eligible enough to stand on the success platform.

Education keeps a lot of weight age in a country which is still in developing phase. Education is a key element in development of any country, if there would be more educated people in India then there would be more people who would be socially aware, there will be more literacy rate, low below poverty line people, more of employment and employed people. If all such things can start in a country then it means that there will be more of advancement in a country resulting in all positive. A country with less poverty more of literacy and employment means a total of advancement towards the success of the country.

From the traditional time to the present time, education has been important and it still holds importance. There has been some stereotyped intervention in education that in some strata of economy people started seeing as education is only right of male member of the society but practically speaking this is a complete wrong image because education is every ones right be it of any age, sex, color, creed or religion. It is so important to every individual that government has giving us right to education which gives us a right as a citizen of India that we all can have the privilege of education as much as we want.

Education and education style has seen many changes in our country. This change has come through many doors. Family matters to social and economic matters all have affected the education system a lot. The present boost in play school, boarding as well as day boarding schools have shown one of the reasons of this education pattern change. Now a day's people live in a nuclear family and mostly we can see that both the parents are working which results in day barding of children where the children can stay till evening and study and come back home at night. There are many good day boarding schools in Gurgaon. There are boarding school in Gurgaon where the children from across the country stay and study. There are many famous play schools in Gurgaon where the toddler children can learn while playing.
