Folding sliding doors “ also known as bi-folding doors “ are leading the way in transforming people’s homes.

With their Grand Designs style, folding sliding doors are bringing sophistication and panache to homes across the country. Here are four fantastic examples from Apropos of aluminium folding sliding doors at their very best:

## 1) Folding sliding doors open up lovely orangery living room

Two sets of four-panel, folding sliding doors help create a bright ambience for this orangery’s living room. The folding sliding doors hold a huge expanse of glazing, which is held in place by a slim frame, meaning the amount of light entering through the folding sliding doors is maximised to full effect. This is particularly true on warm, sunny days, when over 90 per cent of the wall aperture can be opened up to the elements.

## 2) Amazing kitchen diner’s folding sliding doors

This amazing kitchen diner’s folding sliding doors help bring cutting edge, modern, internal living to the outdoors. The folding sliding doors sweep open to reveal a wonderful, contemporary kitchen dining extension, which is free to become part of the outdoors when the homeowner wishes “ thanks to the folding sliding doors.

## 3) Listed building enhanced by folding sliding doors

The rear of this beautiful listed building is enhanced immeasurably by the addition of folding sliding doors. The folding sliding doors allow the courtyard area to interact fully with the beautiful interior of the property. In addition, the folding sliding doors also allow the homeowner unhindered views of their garden on colder, wetter days.

## 4) Folding sliding doors cook up a treat for kitchen extension

The folding sliding doors on this kitchen extension cook up a real treat for the occupier. Inspired to culinary peaks by the inspirational views these folding sliding doors allow, the chef of the house will surely never go sour with these magnificent folding sliding doors. Working in unison with another set of folding sliding doors, almost the whole of the rear of this property can be opened up when the weather allows, meaning diners can easily eat al fresco.

It is therefore clear that fantastic folding sliding doors will be opening up even more new ideas for modern living in the years to come.
