Durable Chain Link Fencing and Vinyl Fencing by [Richard Marko](#)

Article published on February 17th 2012 | [Home Improvement](#)

Chain link fencing is mostly used in commercial areas and industrial areas. However it is also used to fence garden and backyard of houses. Chain link fencing is available in an array of specifications. While going for perimeter fencing you can choose from different mesh types according to your requirement. A whole range of specifications is available with any good vendor who deals with different kinds of fencing supplies.

The chain link fences are normally made from strong galvanized wires. They are available in sizes of 3 feet, 3 feet 6 inches, 4 feet, 5 feet, 6 feet, 7 feet, 8 feet and 10 feet. Meshes with different heights are also available. While a tennis court would require a chain link fence of 10 feet, a high security zone would need much higher meshes. The chain link fencing is available in different types of coating like powder coating, fuse coating and vinyl coating. This why these wire meshes are available in different colors and sizes. These coatings make the chain link fences durable and maintenance free. Steel fencing is also a good way of making perimeter fencing in industrial areas or even at residences.

The chain link fencing is wires that are linked in a zigzag fashion to make a mesh of interlinked wires. This makes a diamond shaped mesh of wire that are mostly used in high security zones. Chain link fencing makes gates and is used as security gates. Suitable wrought iron gate openers can be assembled together with the fences to give a stylish look.

While chain linked fences are used for mostly industrial and commercial purposes, vinyl fencing are used for houses, lawns and even parks. Vinyl fencing is available in various decorative styles. So, if you are thinking of making white picket fences try vinyl fencing which are long lasting, cost effective and weather proof. Vinyl fences are available in white and they are available in different types and shapes. If you are thinking of designing your garden try the different kinds of vinyl fencing as well as add a decorative vinyl garden arbor. Vinyl garden arbors are available in a variety of designs, shapes and sizes. So you can choose the right kind of arbor for your own garden. Garden arbor will give your garden a regal look.

Whether it is a garden fencing, backyard fencing, horse fences, swimming pool fences, railings, or simple white picket fences, the vinyl fencing does it all. You can also get pergolas and gazebos made out of vinyl.
