Prints on canvas from photos by [Andrew Bourke](#)

Article published on June 13th 2012 | [Home Improvement](#)

Having some photos printed on canvas is a very wonderful thing indeed, the good thing about getting a canvas print made from your photos is that the canvas will last a life time which is really great and you can enjoy those special moments that have been printed on canvas for your whole life, lots of canvas printing companies will give you lifetime guarantee with the fade on your canvas print to which is very reassuring when you come to have a canvas print made from your images, isn't that just amazing.

There is also other ways to enjoy canvas photo printing to as you can also have text printed on the canvas to as well as have the image in the background, it's a very good idea for when you are giving a special photo canvas print away as a gift and you really want to say something special to that someone or even if you wanted to place text as a poem on the canvas so that you can add you own personal touch.

Lots of people these days are getting their photos printed onto canvas and a great idea for putting your photos on canvas could be that if you have some really great pictures from face book that you have on your wall from your friend birthday party or that really great occasion you had and all you want to do is remember that moment forever, a great way to do that would be to give the image to a canvas printer and they can produce the magic for you by printing the image on a really well put together canvas print only buy using the best materials and then you can sit back and relax and await your work of art to be delivered to you.

A really good thing about having canvas prints made from photos is that you can not only have a photo canvas print made from a digital image but you can also have your canvas photo printing from a normal photograph, that's right all you have to do is either scan in your photo yourself and email it across to the canvas printer or you could pop it in the post and they will be able to scan it in on their own scanner and they will be able to print directly from this to canvas for you, the quality should only vary very slightly but it should still print very well and I'm sure you will be over the moon with the outcome. If you're looking for something that can brighten up your home, especially your living space then having some canvas photo prints would be a great way to show of the photos that mean something to you and by having them arranged in a line of different canvases you can really begin to get a good feel that your home looks very warm yet very stylish at the same time and that in its self a really good feeling of accomplishment.
