The innovative sensational handset by HTC has been capturing the international market of cell phone. Its latest hi-tech features and striking body makes this gadget really different from other existing advanced gadgets. Moreover it fulfills the desires of all those users who want to carry a hi-tech mobile at a very reasonable price. This is an improved adaptation of sensation XE and sensation XL. On looking at this gadget it seems to be quite similar to the foremost one but on a close look you would find a little difference. These gadgets offer lots of options so that the user may carry this mobile with affordable conditions.

This magnificent handset is a very powerful gadget as it has a very overriding CPU. It is a slim, large and a fully touch screen smart phone. It features a dual core 768 MB RAM and 1.5GHZ processor which such characteristics you may easily imagine the speed of the gadget. With such a processor it affects the sensitivity of the touch screen, web page loading, and graphics, watching or downloading movies and playing games.

The camera of this superb handset can click 8 - mega pixel photos which also include video files of 1080 p. This dual LED camera provides a sufficient light in the dark backgrounds. You may easily operate twitter, face book, you tube and moreover HTC helps you to share your photos and videos through this means. This handset is accessible in red and black color and having a contrast of silver and white. On the back of the phone there are marks of beats, on the units you would find flashes of red and responsive touch buttons.

The handset has 4.3 inches big screen along with the declaration of 540x960 pixels. Its magnificent audio beats and superb sound quality is the high light feature moreover the HTC also offers an ear phone along with this hand set. So listening to the music and watching video clips would sounds very interesting due to the advanced audio technology. The smart phone is available in three different formats in UK market. But now standing in the long queues is not an issue there are online shops providing the handset with handsome offers.
