HTC Sensation XL the Classy music handset by [Mark Boucher](#)

Article published on July 24th 2012 | [Mobile Phones](#)

After the Sensation XE, the manufacturers have come up with the second Android phone called the HTC sensation XL. The Sensation XL is fully loaded with Audio Beats and a matching set of headphones. It's inclined decisively by the tune-obsessed mass who desires extra from their handset than simply a satisfactory sound superiority. It has a huge 4.7inch screen and is accessible for free on contracts commencing at £26 per month for £450 on pay as you go deal. This smart phone is amongst the best music gadget moreover forever squeeze audio into our ears.

You may pack plenty of your most wanted albums like MP3, OGG files, WAV and WMA and is not at all persnickety. After that into your ears locate those long-lasting ear buds headphones moreover you would be lost with your average smart phone delivering auditory treat. HTC Sensational XL is the initial gadget featuring Beats Audio a great sound profile straight from the lab of NWA founder and G-Funk pioneer Dr Dre. A range of headphones has already launched by the rapper and producer along with the Monster and crow barred into HP laptops. The subsequently logical destinations for Beats were the mobiles only.

Its big feature apart from the music is its screen moreover it boasts a large display of 4.7 inch just like a monster. All its additional features are very much appreciated by the users such as eBooks, mobile web browsing and video. The screen has perfect sharpness as compare to the other models. Also your eyeballs would not be pleased with its LCD technology as compare to the Samsung Galaxy S2 AMOLED equipped moreover is also not rich in color and contrast. The Sensation XL is a sound built and sufficient speed and has enough storage space.

It possesses an 8 mega pixel camera which can take HD video clips and the satisfactory photographs. An individual using the interface finds himself very pleasant and satisfaction. Here you would find a variety of apps in the market of Android and you may tweak seven home screens. You won't find anything annoying in this gadget as all the features are perfect. This gadget is just known for its aforementioned Beats technology especially for music lovers.
