Nokia Lumia 800 is a dazzling appendage to the production trail of brand Nokia. With the launching of a gadget that stands out in the crowd owing to the fabulous looks, it has been blessed with, Nokia has ventured into a different tangent of good-looking smartphones.

Nokia Lumia 800 might not be the smartphone to possess the best available features, but it poses a different competition altogether. With several exciting pay monthly offers and deals, that make this already low-price gadget even more affordable, this widget is about to rule the dreams of millions. Moreover, under the auspices of Windows, Nokia Lumia 800 would hardly have to surpass any stumbling stones.

Let's evaluate the pleasing assets it has been bejeweled with:

The shades of black, cyan and magenta, in which the astounding Nokia Lumia 800 is obtainable, grant the highly polished surface and the glistening chassis a very charming appeal. The casing measures 116.5 x 61.2 x 12.1 mm in dimensions.

The 3.7 inches display screen of the charismatic Nokia Lumia 800 has been devised with the AMOLED capacitive technology that lets the user relish an imagery of superb clarity, interwoven by the 16 million colors of 252 ppi pixel density.

The Gorilla glass surface further enhances the view, providing a smooth and simultaneously strong surface to operate from above, thereby, nullifying the ill effects of oil and dirt. Inside, there is a Nokia ClearBlack technology that renders brightness, amazing viewing angles and perfect legibility to the screen.

Coming to the other essential features:

Nokia Lumia 800 owns an 8 MP camera, embellished with Carl Zeiss Optics, auto-focus, dual-LED flash and geo-tagging along with 720p video recording 30fps.

Providence of data connectivity services like Class-33 EDGE, Class-33 GPRS, 3G, Wi-Fi 802.11 b/g/n, Bluetooth v2.1 (with A2DP and EDR) and micro USB v2.0.

MS Windows Phone 7.5 Mango OS and 1.4 GHz Scorpion processor.

16 GB internal memory storage and 512 MB RAM.

Standard battery, Li-Ion 1450 mAh (BV-5JW).

The gadget also possesses secondary features of browsing through WAP 2.0/xHTML, HTML5, RSS feeds and A-GPS support, among a glut of others.
