Iphone 4 is one of the latest innovations of apple which have become a craze for everyone. People either have purchased it or looking to collect money to buy it in future. In is a status symbol today which everybody wants to flaunt in the best possible way. As this one is a precious device in your kitty you will want it to be safe from any damage and scratch so that it can be active and beautiful for a long time. This is where iphone 4 cases come in handy. There are different types of general mobile cases available in the market which will not look great on your iphone and there are many more which is cheap enough for the set and will not fit it. In such cases, you need a case that complements your iphone and protects it at the same time.

While purchasing an iphone 4 case there are different things to look for.

**Look:** it is one of the major factors responsible for the selection. The iphone itself looks quite smart and the case should increase and not decrease its smartness. Either it should be complete or semi transparent so that the apple logo is visible or it should have a look which is as smart as the iphone.

**Durability:** Though you are going to take proper care of your iphone it should also have a cover which is durable and scratch resistant. A shock proof cover is a better option because in that way your iphone will absorb the shock and the machine in it will not be damaged at all.

**Scratch resistance:** It is important for the iphones 4 cases to be scratch resistant. This will keep the upper and lower surface of your phone smooth for a long time.
