Paramount symphony Noida defines luxury by tradition by [Dolly](#)

Article published on December 23rd 2011 | [Real Estate](#)

The residences of Paramount Symphony Noida come with the luxurious tiled floor and engineered wooden floor. Each of these flats offers 2 to 3 bedroom luxurious and spacious living spaces with wooden floor in the master bedrooms and luxurious tiles in the entire house. The Luxurious tiled floor celebrates the decoration, tradition, re-interpreting it through innovative decoration techniques, giving you the possibility to imagine and build original and unique environments. While, the engineered wooden floor gives you the feel of traditional woods. Engineered wood flooring is composed of two or more layers of wood in the form of a plank. The top layer (lamella) is the wood that is visible when the flooring is installed, and is adhered to the core (or substrate) which provides the stability.

Â If you peep into the kitchens of Paramount Symphony Noida, you can feel the difference as it provides you with imported modular kitchen. A kitchen is much more than just a cooking place. It is the heart of your home. By combining aesthetics with functionality and elegance, Paramount group has transformed your modular kitchen into a specialist kitchen. It features branded sanitary ware and fittings that modern day consumers often aspire.
