Glass Whiteboard for All Environments by [Diana Samuals](#)

Article published on August 9th 2012 | [Shopping](#)

Glass whiteboards are necessary and most important tool delivering messages, information, details and notices in many different environments. Classrooms, colleges, hospitals, offices and even at home, glass whiteboards have special place, which is unavoidable. The features such as magnetic glass, scratch free surface, reliability, long service life, availability in all dimensions and affordability encourage people from all environments to obtain glass dry erase boards in their locations. Writing on boards has received a complete new dimension that encourages and manages all decency in every environment.

Traditional boards used chalks that spread white dust on floor and on fingers of the writers. It always provided an unmanaged image to the viewers. Erasing also required quite different techniques to ensure next use without haziness. Untidiness happens to be the most important feature to avoid the boards by the users. But, invention of the glass whiteboards changed the complete phenomena about the boards.

Glass white boards offer no dust, no dirty fingers and no erasing techniques messing the spirit of the writer due to worse board. Such boards offer easy to write and easy to wipe relaxation, scratch free surface where permanent marker fails, simple installation allowing easy hang in offices, lobby, conference room or even in kitchens. Allowing users to write bright so that you do not miss the message or schedule, such impressive factors got much boost because of magnetic surface.

Due to the magnetic surface provided on the glass dry erase board, users stick notices, diagrams, pictures, lists, etc with the message to make sophisticated announcements. Creating own message and adding charts or any documents availing magnetic surface encourages for much decent communication with viewers or readers. At homes and at the front office, such useful magnetic surface of the glass whiteboard help to make the walls look awesome with short or large message on board.

Businesses, medical institutes, educational institutes, travelling agencies, courtrooms and offices looking for outfitting the cabins, rooms, or lobbies, must opt for glass white boards ensuring attractiveness in the decided places. Companies manufacturing such designer board offer all dimension and all sized glass dry erase boards to the customers. Customers will find two series in glass white boards: professionals and executive. Executive series have advanced facilities that offer impressive features, whereas, professionals series offer awesome options for budgetary requirements.

So, make your notice areas installed with efficient glass whiteboards that comes with mounting hardware, magnetic pen, eraser kit and magnetic surface to enhance attractiveness.
