There is no better way of luxury and style when it comes to chauffeured limousines. The limousines are hired across the world by rich and stylish people. The people who are financially stable and sound, hardly compromise on the status and luxury and when it comes to traveling and touring, they hire nothing other than chauffeur driven limousines. These special vehicles are designed to provide people with ultimate luxury and features. They come equipped with features which are not comparable with any ordinary vehicles. For instance the special amenities of a limousine include privacy divider between the driver's compartment and passengers, dark tinted windows providing complete privacy from outside, rear controlled air-conditioning system, laser mood lighting on roof for special effects, a fully stocked bar with a complete range of beer and Champaign suiting your mood, wooden flooring, plush interior with extremely comfortable leather seating and much more. People around the world book limo for different events and occasions, however some of the popular events where chauffeured limousines are booked include:

Wedding Limo Packages

The trend of hiring chauffeured limousines on weddings is not associated with status and wealth of a person. In fact it has become a tradition throughout the world to hire a luxury car and decorate it with rose petals and bouquets in order to transfer bride and groom to and from the place of wedding ceremony. The limo hire companies around the world provide all kinds of packages for wedding limousines in order to suit all pockets. The people who are budget concerned have the option of sedan limousines for their wedding. The popular sedan limousines include Mercedes S Class, Lincoln Town Car L Series and BMW 7 Series. The people who can pay and are looking for extreme luxury opt for stretched limos for their wedding transportation. A decorated limousine marks the start of a new journey for both the bride and groom and makes their day more memorable and enjoyable.

Airport Limo Hire

Airport transfer service is a major a very common requirement around the world. Almost all airports around the world provide their travelers with different options to transfer to the city, similarly for the corporate class; there are special packages of airport limousine hire. Hiring an airport limousine in advance gives you a chauffeur waiting at the arrivals lounge to welcome you and help with your luggage through to the car. This avoids all inconveniences and provides you with the worry free airport transfer service with full luxury and comfort.

Limo for a Night

All the major cities around the globe especially the tourist destinations, provide special tour limousine services including "night on the town" tours. This includes a complete tour of the city while strolling through all major locations and attractions and staying there for short intervals. The night on town tours are highly popular around the world and are the foremost choice of corporate tourists and journeyers. Strolling through all major locations of the city on a chauffeur driven limousine provides maximum luxury and creates lasting memories for the journeyers.
